A lot of the questions asked here in the survey, does not apply to Ft AP Hill.. We do not have access to the same services of MWR as larger installations. So I clicked "do not participate" only because it is not offered.

I would like to see a full size, indoor, heated swimming pool that would be open before working hours.

Fort A.P. Hill has a limited program. Would definitely like to see a Rod & Gun club considering all the ranges we have.

I have found since the new cook has arrived at Tuckers that the food is very bland and cold.

MWR Services on Fort A.P. Hill are very minimal. The Community Activities Center is starting to look better, but the facility is not always clean (floor dirty, equipment needs wiping down, etc). I see more personnel in the directorate, but I do not see anything new coming out, except for exercise classes. Every time I visit one of the offices I see people just sitting around.

The other day a suspense was sent out form DMWR asking for a list of all employees. When the surveys came out, they were labelled "Civilian AP Hill". When I asked DMWR why did they ask for the information and not use it, I was told that they decided it was easier to just send out the number of surveys each directorate needed and not label them with the employees name. This was a waste of other directorates time!!!

The food at Tucker's Tavern is not that good. I do not like buffets as I do not eat a lot and that is the only option they have, I can go off-post and eat for less money. Tucker's Tavern is not always the cleanest place to eat either, the windows, floors, and bathrooms need to be cleaned more often.

Employees would like to see the bar at Tucker's Tavern open at least one Friday a month, and although we ask the bar doesn't open.

I do not use Tucker's because my experiences with the food have been unpleasant and the recent changes to the menu do not provide for my dietary needs.

This is a small post for assigned personnel and civilian employees and unfortunately is fairly isolated for units that come to train for extended periods of time. I would like to see more services especially on the weekends available for units utilizing the Post. I believe that an increase in support services would also increase the attractiveness of Ft AP Hill to additional units for more extended periods of time.

A Rod and Gun Club would be a strong asset to this installation with ranges, skeet and trap shooting, including competitive leagues. A club could also be of great assistance in better managing hunting and fishing programs, offering a resource of dedicated, skilled individuals to augment those employed by MWR, who are often earnest and good-intentioned but severely lacking in expertise or training to adequately manage the diverse outdoor recreational opportunities currently and potentially available at AP Hill.

The installation is in dire need of a quality feeding operation with an adequate facility for entertaining guests of the command, individuals here on business, and other potential patrons, while simultaneously being able to accommodate employees' mealtime needs.

The installation is also in need of a quality lodging operation, with expanded room and meeting facilities to capitalize on stated need of prospective customers. This installation has lost considerable revenue by not having such a facility available even though potential customers knock on the door year after year.

Since 9/11, access thru the main gate is more difficult even with a DOD decal and ID card. Being questioned as to what we are doing on post, who are we going to see, are signs that we are NOT welcomed on THEIR installation. We used to fish very often at A. P. Hill but the price of an on post lisenche is more then an off post lisenche, and you must have both to fish on post. After 9/11, fishing rods were not permitted on post for more than one year. If you don't want retirees on YOUR installation, put a sign at the gate saying that.

Fort A. P. Hill is a small post and the MWR offerings are very limited. I would like to see a woodworking facility and bowling center.

I did not know that anything was offered at Ft AP Hill. I thought it was a part-time reserve base.

I have never been on A.P. Hill. The only military facility we use in this area is the Quantico commissary.
I have been retired for 18 years and live about an hour from Hill, 45 minutes from Quantico.
